(October 14, 2004- TROY)- The following is a statement from Mayor Harry Tutunjian regarding the removal of Judge Henry Bauer from his position today.

“This is a sad day for the City of Troy,” Tutunjian said. “For a government body to remove a man from his job, a man supported by the people of Troy, that is reprehensible. Judge Bauer did his job well, and only had the interests of the people of this great city in mind. I can think of no better way to serve in public office than that. Judge Bauer was not the only one who lost today, the people of Troy did as well.”
